Item # LM50MNG, LM50 Lube Meters

LM50 Lube Meters

Mechanical high pressure, positive displacement inline meter. Flowrate is 0.26 to 7.8 GPM (1 to 30 LPM). Includes 1/2 in. NPT fitting. Calibrated in gallons.FindADistributor();

· SPECIFICATIONS · FEATURES AND BENEFITS

SPECIFICATIONS

Construction	Aluminum
Wetted Components x	Acetal Aluminum Nitril Steel
Connection x	NPT
Accuracy	±1.0 %
Maximum Pressure x	103.5 bar 1500 psi
Display x	Mechanical
Display Units x	Gallons
Use with	Antifreeze Engine oils Transmission fluid (maximum viscosity SAE 140)
Fuel Group	5
Operating Temperature Range	+14to 131 -10 to 55

FEATURES AND BENEFITS

- Extremely accurate.
- Dependable performance.
- Reliable, trouble-free operation.
